

Linking your IRBNet account
to CITI

Make sure you have your CITI Member ID

The CITI Member ID will be at the top of your CITI homepage when you login

The screenshot shows the CITI Program homepage. At the top left is the CITI PROGRAM logo. To its right are navigation links: My Courses, My Records, My CE/CMEs, Support, and Admin. A search icon is located to the right of these links. In the top right corner, there is a language dropdown menu set to "English". Below the language menu is a user profile dropdown menu, which is highlighted with a red box. The profile information displayed is "Jane Doe" and "ID 8888888". Below the navigation and search area is a dark blue banner. On the left side of the banner, it says "Welcome" in yellow, followed by two links: "Add Institutional Affiliation" and "Register as Independent Learner". On the right side of the banner, there are two circular statistics: "27 Courses Completed" and "3 Years of Membership".

Select User Profile in the top right corner

The screenshot displays the IRBNet user interface. In the top right corner, the 'USER PROFILE' link is highlighted with a red rectangular box. Below the navigation bar, the 'My Projects' section is visible, featuring a search bar and a 'Search By Tag' dropdown menu. The left sidebar contains navigation options such as 'My Projects', 'Create New Project', and 'My Reminders (162)'. The main content area shows a table of projects with columns for IRBNet ID, Project Title, Principal Investigator, Submission Type, Board Action, and Effective Date.

Training & Credentials

IRBNet allows you to track and share your training records, certifications, resumes and other personal credentials. Once added to your profile, your training and credentials can be easily linked to your projects from the Designer, are accessible by your project teams and can be quickly accessed and tracked by the boards that review your projects. Some boards also permit you to directly submit your training and credentials without requiring you to link these records to specific projects.
