  - A search
  - Standard
- **Patient Centered Research Institute**
  - The search
  - What You Need to Know to Apply

Click on this screenshot to explore the many options for grant funding listed on the NFFRE grant webpage.

#### Condition-Specific

- **American Cancer Society (ACS)**
  - The link lists new opportunities and information
  - Research Grant Process
- **American Heart Association (AHA)**
  - Lists funding opportunities and webinars.
  - Upcoming Proposal Deadlines

## Participant Recruitment Ads Web Page

- Review the [ad web page](#) to see the 5 ads already posted.
- Only VA and NFFRE research approved by the VA Research and Development Committee can be posted on this page.
- Ads must be IRB approved before being posted.
- The form to request an ad (DOC) is available for download from either the [NFFRE Forms](#) web page or the [VA Research Resources](#) web page (search for "recruit")

## Requesting Extramural Grant Support

- When considering applying for an extramural (non-VA) grant, for example from NIH or DOD, review info on the [NFFRE Grant-Funded Research web page](#).
- Notify NFFRE about your plans as soon as you have decided to apply and provide a link to the FOA or the FOA PDF and any other available info.
- Use the Grant Support Checklist and the Grant Budget Template Guide.
- The Grant Feasibility Questionnaire is required before the grant is submitted.
